Heavy Industries works in the space between Imagination and Reality. We build what others dream of, we have been building since 2003. As a custom fabricator based in Calgary, Heavy Industries has manufactured and installed some of Canada's best known public art sculptures and most complex architectural projects. Through technology, experience, and expertise, Heavy Industries has become a single source for designing, fabricating, and installing sculpture and custom features for artists, architects, and design professionals. In our world, iconic designs and creative places are built without compromise.

Heavy Industries is building a **GFRC Concrete Team** and are seeking **General Skilled Concrete and GFRC Labourers** to join.

WHAT IS IN IT FOR YOU?

- Job Satisfaction:** You will get to directly participate in some of Canada's most interesting (and high profile) creative construction and art projects. Our GFRC department is led by one of Canada's best!
- Job Variation:** You will never get bored in this fast paced environment. Every project is different and every day comes complete with its own unique challenges for you to solve.
- Job Opportunity:** You will be exposed to opportunities to grow and develop our relatively young business into one of the world's premiere manufacturing companies. We have not plateaued and do not plan on doing so any time soon.
- Culture:** You will get to work with fun, dynamic and highly skilled people that are driven to succeed.
- Remuneration:** You will be paid relative to the experience you bring and your accomplishments including vacation and benefits; you will be rewarded with company success.

Are you creative, innovative, passionate about what you do and how you do it? Enjoy working with likeminded individuals. Do you enjoy pushing your limits and boundaries?
